# Corolla

## Fluid dashboard

The smooth lines and aerodynamic style of the exterior continue inside Corolla. The first thing you'll notice is the fluid dashboard, a continuous line from side to side that helps accentuate the instrument panel, center console and passenger area.

## Exterior styling

Corolla elevates your style with its eye-catching design, premium interior with the features you want, and enough technology to help you stay connected. It takes the best of everything you love about driving and perfects it. No matter where your journeys may take you, Corolla is ready.

## 17-in. Alloy wheels

Available 17-in. Alloy wheels add to the unique profile of the 2015 Corolla. Every stoplight is a chance to make a new impression. Every spoke on the wheels is crafted to enhance style and performance.

# Yaris

## Euro-inspired exterior

Yaris is as unique as you are, with all the features you want. Its sleek styling has all the right curves, and new available projector-beam headlights and an oversize blacked-out grille add attitude. Available LED Daytime Running Lights (DRL) feature an accent light bar for added eye-catching style.

## Sport-styled interior

Good times are coming once you sit inside Yaris. Available white stitching on the seats grabs your attention, and available piano-black accents on the gearshift surround and steering wheel add an extra touch of class.

## USB/aux

No music stays behind with Yaris. Connect and control your iPod®10 using the standard USB port,11 plus there's an auxiliary audio jack to plug in other music players.

# Prius v

## Single LED projector headlights

Prius v's redesigned headlights shine a stylish new light on eco-sensitivity. Available LED (light-emitting diode) headlights produce a clean white light, have an extremely long life and require 20% to 30% less energy than traditional headlights.

## Cargo space

Refreshingly, the term “fill ‘er up” can now refer to cargo. Pop open the rear hatch-style door and you’ll unveil a full 34.3 cu. ft. of cargo space<sup>8</sup> – so you can fill up with more gear, more hobbies and more fun.

## Power lumbar and seat adjustments

Prius v's available 8-way adjustable driver's seat with power lumbar support helps you find the driving position that's perfect for you. And because customized comfort is the best way to fully enjoy the driving experience, these are not seats you'll want to get out of anytime soon.

# Camry Hybrid

## Aggressive design

People will ask, “What kind of car is that?” We designed the 2015 Camry for those who dare to be bold, and with its striking hood lines this is one ride that commands attention. So get inside—it’s time to let everyone know you’ve arrived.

## Sport mesh front grille

With a design just as bold as its performance, the aggressive grille on Camry SE, SE Hybrid and XSE makes one powerful impression.

## Wood-grain-style accents

LE and XLE’s spacious cabin features rich wood-grain-style accents at key touch points to further enhance your driving experience.

# Prius C

## Restyled taillights

Just a friendly heads up: other cars will be slowing down to get a better look at Prius c's new taillights. Their vibrant LED design helps you show off your expressive side, and the sporty rear bumper reminds everyone that this hybrid is always up for some fun.

## Rear spoiler

Besides looking good, the rear spoiler on Prius c helps improve airflow dynamics around the back of the vehicle. It also adds another essential design element: awesomeness.

## Premium interior

With a refreshed interior, Prius c is the perfect road trip partner with a powerful new Entune™ Audio system, comfy seats wrapped in an eye-catching available two-tone interior fabric, and an available moonroof to let the outside in. It's the perfect place to hang out with friends and brainstorm that next world-changing idea.

# TUNDRA

## Power unleashed

Tundra TRD Pro packs a punch with a tuned dual exhaust that gives the 5.7-liter V8 a ferocious bark. TRD-tuned suspension, with tuned front springs and remote-reservoir Bilstein front and rear shocks to help you tame the tough trails. Add headlights with black sport bezels, a TRD Pro-stamped truck bed and a 1/4-in. aluminum skid plate, and this truck is ready to intimidate.

## Trailer-Sway Control

Big trucks tow big toys, so Tundra comes standard with Trailer-Sway Control (TSC). TSC works in two ways: by detecting trailer sway and applying brake pressure at individual wheels, and by controlling engine torque to help stabilize the trailer, and your precious boat.

## Command respect

Tundra TRD Pro commands respect wherever it goes with its prominent bold grille, black badging and unique bed stamp. Its 32-in. Michelin LTX AT2 tires are always ready for the trails, but if turning heads is more your thing, the 18-in. 5-spoke black alloy TRD wheels have got you covered.

# 4Runner

## Limited

Apart from a unique front-end design, 4Runner Limited comes with refined accents like chrome door handles and a chrome-accented front grille that give it a personality of its own.

## Genuine TRD Pro Accessories

Don't have a TRD Pro? No problem—the TRD Pro line of accessories is also available on non-TRD vehicles. Add extra attitude with components that have been engineered with your Toyota in mind, and when installed by your Toyota dealer, maintain the ruggedness and reliability you've come to expect from your SUV.

## A heritage of toughness

It's no secret that at the core of a superior off-road vehicle lies a body-on-frame construction. 4Runner is one of the last SUVs to still be built this way, keeping true to a heritage that has proven that body-on-frame is the answer to extreme ruggedness. Even after thousands of miles of treacherous, weather-beaten, harsh trails, 90% of 4Runners sold in the last ten years are still on the road.

# Toyota Land Cruiser

## Entune™

Land Cruiser's standard Entune™ multimedia system offers popular mobile applications including Bing™, iHeartRadio, MovieTickets.com, OpenTable® and Pandora®.15 Plus, you get access to a wealth of valuable data services including fuel prices, stocks, sports, traffic and weather.

## Ventilated and heated seats

Observe your surroundings from the comfort of leather-trimmed, multi-stage heated and ventilated front seats. The second-row seats also feature multi-stage heating, so your passengers won't be left in the cold.

## 81.7 cu. ft. of cargo capacity

With the third- and second-row seats folded, you'll be greeted by a cavernous 81.7 cubic feet of cargo capacity.23 So the next time you're wondering if that super-size, bargain-price flat screen will fit, the answer is probably yes.
